Meeting ID: HLS073977

AGENDA

Agenda Items

In response to feedback from our Workspace members, we are planning to focus our attention, in the next two teleconference meetings, on preparations for the upcoming Face-to-Face (FTF) Meeting with the Architecture Workspace in Chicago, October 25-26. We would like for you to review two documents before our meeting on Thursday; these include the draft agenda for the FTF Meeting, e-mailed to you last week, and the caGRID White Paper (attached; this is a second mailing). Your comments on the caGRID White Paper will be forwarded to the caGRID Team. For our Thursday meeting, we will have brief updates on the following subjects:

- Feedback on the Agenda (for the joint Architecture + V-CDE Workspace Face-to Face Meeting)
- V-CDE Workspace Feedback on the CaGRID White Paper
- Update on V-CDE Mentoring Teams for the Domain Workspace SIGs and Developer Projects
- CaDSR Training
 - By Role
 - Schedule
- CaBIG Participant Business Process
 - Brief Overview of the Project Management and Accounting Methods
- Liaison Reports
- Administrative Business
